The farmer's short course, to be held in Mesa Thursday. Friday and Saturday of this week, promises to be one of the most important and 'entertaining events connected with farm life, that ever has been held on the south side. Great interest is being manifested by ranchers over the entire sections included in the Tempe, Chandler, Gilbert, Mesa and other communities. Many are phoning in for more particular details. There will be is people, all of whom are experts, who will have part on the program, besides the informal discussions which doubtless will be of great value in getting at the heart of great value in getting at the heart of the problems under discussion. The work has been inaugurated un-

tained from farmers of this section mingled with the necessary commer-who have made a success along certain lines. There will be a number of these informal talks, all of which are not to such widespread attention when it bring out something of value to the There is a splendid program of home

There are difficulties and hardships in the every vocation, and the rancher and his family have their full share. It is the purpose of the Farmer's Short course to help lighten these difficulties and to bring added profit as the result of the farm investment and labor. One feature of the course is the advice and suggestions which will be obtained from farmers of this section mingled with the necessary commer-
